

SRNT Society News

On behalf of the SRNT Awards Committee Chair, Tom Glynn, and the 2021 Awards Committee Members (Suchitra Krishnan-Sarin, Megan Piper, Suzanne Colby, and Laura Bierut), it is my sincere pleasure to announce the recipients of SRNT's 2021 Awards:

2021 John Slade Award, honoring members who have made outstanding contributions to public health and tobacco control through science-based public policy and public advocacy: **Patricia Nez Henderson**

2021 Jarvik-Russel Early Career Award, honoring members early in their careers who have made extraordinary contributions to the field of nicotine and tobacco research: **Gillian Gould**

2021 Langley Award, honoring scientists who have made groundbreaking advances in basic nicotine research in the areas of pharmacology, neuroscience and/or genetics: **Marina Picciotto**

The awards will be presented during SRNT's 2021 Annual Meeting.

Congratulations to the distinguished award recipients, and many thanks to the Awards Committee (whose task is, indeed, a difficult one), as well as to the members of SRNT who submitted nominations for the 2021 awards!
